_askcolor

src.view.view_pageParametres.vpp
_reset_customs

src.view.view_pageParametres.vpp
_set_bot_color

```
graph LR; A["src.view.view_pageParametres.vpp<br/>_askcolor"] --> C["src.view.view_pageParametres.vpp<br/>_set_bot_color"]; B["src.view.view_pageParametres.vpp<br/>_reset_customs"] --> C;
```

The diagram illustrates a dependency or data flow. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'src.view.view_pageParametres.vpp' followed by '_askcolor' on a new line. The bottom box contains 'src.view.view_pageParametres.vpp' followed by '_reset_customs' on a new line. On the right, there is a single gray rectangular box with a black border, containing 'src.view.view_pageParametres.vpp' followed by '_set_bot_color' on a new line. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that the two source components contribute to or are used by the target component.
